

JULY 2023

Miini\Giizis

Blue Berry Moon

Congratulations to Sheila Barber and Daniel Grover of the Dry Town Community. They were the YARD OF THE MONTH winners for JUNE!

There will be three more chances for someone to win *Yard of the Month*. The last week of every month the judges will be out cruising the communities looking for the next winner. The judges are having a hard time this year as so many yards are looking great. So keep working on those yards—they are looking fantastic!

PURPOSE: The “Yard of the Month” award is to recognize those tenants who demonstrate above-average efforts in maintaining their yards, thereby contributing to the overall beautification of the community at large. We encourage residents to take pride in their home and community.

ELIGIBILITY: All tenants living in LCO Housing Authority rental units.

WINNER: The winner each month will be chosen by nominations received from the Landscape Committee. The tenant will receive a personal visit by members of the Landscape Committee which issues their awards, takes a photograph of the property to be displayed in the newsletter. They also install the Yard-of-the-Month sign to display in the tenant’s yard for the duration of the award month. **Good luck & have fun!**

July Birthday 's

Matt White Jr	July 2
Andrew White Jr.	July 4
Cheri Quaderer	July 7
Lawrence Quagon	July 9
Jose' Valentin	July 10
Renee Rusk	July 12
Danielle Fleming	July 12
Kameryn Quaderer	July 14
Sharon Coon	July 15
Avery Fones	July 15
Zenobia Denomie	July 16
Nikki Miller	July 18
Rosalie Miller	July 21
Dusty Kingfisher	July 21
Larry Quagon	July 22
Ashley Fleming	July 24
Roberta Corbine	July 26

The Housing office will be open Friday and Monday of Honor the Earth.

The Housing Authority office will be closed on Monday, July 3rd and Tuesday July 4th for the 4th of July holiday. We will re-open on Wednesday, July 5th. In the case of an emergency, please call the on-call number @ 715-798-1594.

Please have a happy and safe Holiday!

Tips to help you celebrate this fourth of July safely:

Each July 4th, thousands of people, most often children and teens, are injured while using consumer fireworks. Despite the dangers of fireworks, few people understand the associated risks - devastating burns, other injuries, fires, and even death. *** Always read & follow label directions *** *** Have an adult present *** *** Use outdoors only *** *** Always have water handy *** *** Never re-light a "dud" *** *** Dispose of fireworks by soaking them in a bucket of water before throwing them away *** *** Never throw or point fireworks at other people *** *** Never shoot fireworks in metal or glass containers *** *** The shooter should always wear eye protection ***

Children from age 5 to 14 are very adventuresome and experimental, and they are likely to take risks in many of their activities. This age group is the one that is most frequently involved in fireworks-related injuries, pointing out the need for close adult supervision of all fireworks activities. **PLEASE BE CONSIDERATE OF YOUR NEIGHBORS—ESPECIALLY IF THEY ARE ELDERLY.**

NEW EMPLOYEES:

Please join us in welcoming Nicole Miller, she is new in our Accounting department. Also, Jason LaRush, he is new to our Maintenance Department We know that they will both be a great addition to our team. Welcome to the housing crew Nicole & Jason!

FURNACE FILTERS

For those tenants with air conditioners, it is very important that you change your furnace filters as these can become very clogged and damage you're A/C unit. You can pick up filters at the Housing office during business hours, Mon-Fri 8:00-4:30.

TAKE CAUTION DURING THE HEAT.....

Heat is the one of the leading causes of weather related deaths in Wisconsin. Please check on our elders, children, and people with chronic illnesses, during extreme heat conditions. Also check on your neighbors. Slow down and limit physical activity. Eat lightly and drink plenty of water to stay hydrated. Avoid alcohol and caffeine. Never leave pets or children in vehicles, when heat exceeds 80 degrees, wear loose fitting light colored clothing, wear a hat or use an umbrella to keep your head cool, a cool shower or bath will cool you down faster than an air conditioner will, wet clothing (t-shirt) or a cool wet towel around your neck will also cool you down.
