

Gashkadino Giizis Freezing Moon 2023

Time to fall back

Turn your clocks back one hour to standard time at 2 a.m. Sunday.

Daylight Savings Time will be ending on Nov 5th

Don't forget to set your clocks back an hour before you go to bed on Saturday. This is the perfect time to do some Winter Prepping around the house. The main suggestion is of course PUT A NEW FURNACE FILTER IN. We have furnace filters available at Housing. Stop in and grab a fresh one! Make sure your smoke alarms are all in working order, pop some new batteries in there. Clean out your ceiling light covers. The Asian beetles didn't seem as bad as usual this year but I'm betting there are other little insect carcasses in there. While you're up there, don't forget to dust your ceiling fan blades. Clean the light bulbs that aren't covered and when you bust out your beads to start those winter projects you'll just be amazed!! With the Holidays coming up, think about all that food that will be in your fridge, make room now!! And let's not forget to clean those ovens that will be baking all your yummy dinners...

We would like to thank all of our veterans for their service!

The Housing Office will be closed on Monday, Nov. 13th in honor of Veteran's Day

The Housing Office will be closed all day on Thursday, Nov 23 & Friday Nov. 24 for the Thanksgiving holiday.

Happy Thanksgiving to all!

ATTENTION TENANTS!!

JUST A REMINDER: Driving in the yard can cause damage to the drain field and also ruins the grass. It states in our policies "DAMAGE TO HOUSING PROPERTY" is a lease violation. You will be responsible for any damage that results from driving or parking in your yard. According to policy, the tenant is only allowed vehicles on LCOHA property that are licensed and operable. If you need assistance removing any disabled vehicles in your yard we have phone numbers for different businesses. Please call the office and we would be glad to help you with this.

The tenant also will not operate or allow any member of the household or any guest to operate an ATV in any manner that is illegal, or denudes the tenants yard or any other tenants yard of grass or other ground cover, or causes ruts in any yard, or in any way disturbs the peaceful enjoyment of other clients of their premises. Please be respectful of your unit and of your neighbors.

MIIGWECH FOR YOUR COOPERATION!

DON'T FORGET OUR ANNUAL CHRISTMAS FESTIVAL OF LIGHTS CONTEST

WILL BE HELD IN DECEMBER

ATTENTION ALL SSI/SS RECIPIENTS

It is that time of year when you get your award letters from the Social Security Administration office. Just a reminder-if you are due for a recertification with housing this year we will need a **copy of your 2024 Award letter from the Social Security Administration**. We no longer accept bank statements or check stubs. You can bring in your award letters when you receive them. We will make a copy and keep them on file until recertification time. Your cooperation is greatly appreciated.

Housing still utilizes the drop box located next to the front door. You can use this to drop off paperwork, or your rent payment during non-business hours. Envelopes are located in the black box next to the door. ALSO: LCO Public Works has a drop box in the Housing Authority lobby for your water & sewer payments.

ON-CALL MAINTENANCE:

The Maintenance Department has a pager for tenants to be able to contact the on-call person after normal working hours. They will only respond to **Emergency** calls during non-working hours. Other calls can be phoned in to the Housing Office during regular business hours, Monday through Friday 8:00 to 4:30.

The Pager # is 715-798-1594.

ELECTRICAL SAFETY TIPS FOR THE HOME

Hundreds of electrical fires happen each year resulting in countless painful injuries and thousands of dollars in lost property. By following simple electrical safety tips at home, many hazardous solutions can be avoided. Being safe when using electrical appliances, extension cords, light bulbs and other equipment is easy, and safety tips should be included in household rules, homeschool fire safety and daily behavior for all members of the family. It only takes one mistake to spark an electrical fire, but simple prevention measures can be effective solutions. When an electrical short or spark does happen, it is vital to understand what to do to prevent or put out an electrical fire to keep the damage and devastation from spreading. Call 911 or other appropriate emergency services immediately in case of electrical injury or fire. Never touch anyone who is being shocked; the shock can spread through body contact. Know where fuse boxes and circuit breakers are located as well as how to properly operate them. **Never attempt electrical repairs or rewiring without proper certification and experience.** Do not put water on an electrical fire; use a dry fire extinguisher or baking soda instead.

WARNING SIGNS: You can spot many electrical problems before they cause a fire or shock. Be alert to the following danger signs.

- ◆ Recurring problems with blowing fuses or tripping circuit breakers.
- ◆ Feeling a tingle when you touch an electrical seasonal light.
- ◆ Discoloration of wall outlets.
- ◆ A burning smell or unusual odor coming from an appliance or wiring.
- ◆ Sizzling sound at wall switches or outlets.
- ◆ Flickering lights.

When you spot a warning sign don't wait for an accident. Take action at once. Unplug the malfunctioning appliance if you can do so safely. If necessary, cut off the power to a problem circuit by disconnecting the fuse or tripping the circuit breaker manually and call Maintenance immediately!
